Unfortunately for Andy, that's all about to change. Andy is put to the test when his English teacher, Mr. Simon, pairs him up with the schools biggest outcast/social pariah, Stanley. However, what Andy will soon learn, is that there truly was a method behind Mr. Simon's madness as to why he teamed these two up... Not only does Andy learn that being different is acceptable in the end, but most importantly he starts to understand the value of tolerance and culpability. THAT'S WHAT I AM is a movie that encapsulates those two themes and shows how over the course of one school term, a young man's life can change forever.
